Helping Alex Find a New Place to Live

Alex is a new student in town. He has recently moved from another city because of his job. He is staying in New York City now, but he wants to find a better home.

Sam, his friend, asks Alex questions about his **old home, job, and living experience**.

Taylor knows a lot about **houses and apartments in the area**, so Taylor explains different housing options, including prices, rent, size, and amenities.

Together, they compare the options and decide **which place is the best choice and how to contact it**.

Explain the scene to the students.
