RULES:

"Not only but also" is a conjunction used to emphasize the inclusion of two elements, typically in a sentence. It is used to convey that something is true or applies to both of the mentioned elements. This construction is often employed for emphasis and to highlight the significance of both parts of the statement.

Here's an example to illustrate:

"Not only did she excel in academics, but she also demonstrated exceptional leadership skills."

Have your Ss read the sentences aloud. Recap any tips if necessary.

READ THE TABLE.
