Unit5 – Lesson2
Page56

Have your Ss do the task for a couple of minutes. Then check the answers in class.

UNDERLINE THE CORRECT WORDS TO COMPLETE THE SENTENCES.

1. Would you like to reset / reboot / reconnect your password?
2. If you want, you can replace / recharge / restore all your settings to their original state.
3. When you have a problem, you should always try uninstalling / rebooting / recharging your computer first.
4. I'm afraid that we can't fix your keyboard. You're going to have to reset / reconnect / replace it with a new one.
5. We are reconnecting / installing / resetting new software on all of the computers.
6. If you need to reset / reboot / recharge your battery, you can use my cord.
7. We're not really happy with this software. We're going to reset / replace / uninstall it and try a different program.
8. I'm trying to reboot / reconnect / recharge my computer to the network, but it's not working.

1 VOCABULARY Technology solutions

A 05-09 Listen. Then listen and repeat.

MICHAEL STEWART

@MichaelS

Ugh. Technology. Is it me or does it always go wrong at the worst time? Sometimes I think we'd be better off without it.

reset: to change something like a password or control so that it is ready to use again
recharge: to put a new supply of electricity into a battery
reboot: to start a computer after it has stopped working
install: to add software to a computer so it is ready to use
restore: to return a control setting to its original state
replace: to get something new to put in place of something old or broken
reconnect: to establish a connection to something like a server again
uninstall: to remove a software program from a computer
