TO THE TEACHER

Teach your students the concept of "Syllables and Stress".

Syllables and stress

In words with more than one syllable, one syllable is stressed: eager. The stressed syllable has a clear vowel sound. In adjectives that end in *-ous*, *-ive*, or *-al*, the ending is unstressed and pronounced with a short, weak vowel: personal.

Play the video once and focus on the concept you have already taught.

Watch the video and pay attention to the “Syllables and Stress”
