Unit5 – Lesson1
Page54

Elicit some sentences from your students about the picture. Ask your students to talk about the questions.

GET STARTED

A Read the unit title and learning goals.

B Look at the photo of a conference call. What do you see?

C Now read Lucas's message. How does Lucas have meetings with people in so many places?

LUCAS MORALES

@LucasM

I love that I can have meetings with people all over the world—and never leave Costa Rica!

MATCH the words with the pictures.

restart the computer - connect to a projector - call tech(nical) support - add a wireless network - unplug a cable - click a link - download a program - check the [Wi Fi] connection

1 VOCABULARY Technology at work

Activity

A Complete the sentences. Underline the correct answers.

1. It was easy to fix the problem. I just had to **unplug a cable / click a link / restart the computer**. Then I plugged it in again.
2. If you can't get online, maybe the problem is the Wi Fi. You should **connect to a projector / check the connection / unplug a cable**.
3. Is this the first time you've used the Wi Fi here? If it is, then you have to **call tech support / add a wireless network / unplug a cable** before you can get online.
4. It's easy for people to get to a website when they just have to **click a link / call tech support / restart the computer**.
5. To show your presentation to everyone in the room, you'll need to **connect to a projector / unplug a cable / check the Wi Fi connection**.
6. This software is free to use. You just need to **click a link / restart the computer / download a program** from the internet.
7. Sometimes you need to make updates to programs or make other changes to a computer's software. After you do that, you often need to **restart the computer / click a link / download a program**.
8. Sometimes you can't fix a problem with your computer by restarting it or taking other simple steps. Then you need to **restart the computer / call tech support / connect to a projector** to get help.

Have some oral practices by using one the strategies below:

1. Providing oral definitions and having your Ss guess the word.
2. Providing contexts and having your Ss guess the word.
3. Providing synonyms or opposites and having your Ss guess the word.

GUESS THE WORD!

1 VOCABULARY Technology at work

C PAIRS Brainstorm. Look at the actions in 1A. List two–three reasons why you do them.

unplug a cable: to disconnect from a printer,...
